Transient Voltage Surge Suppressors

Leviton

Cat #5100P

15a-125v, 3W, 2 outlet general duty plug-in style. Great for PC's and peripherals, cash registers, microwave ovens, video equip LED's for real time monitoring of power and protection status.

\$4.75

Cat #5200

15a-125v, 3W, 2 outlet heavy duty plug-in style. Great for PC's and peripherals. Higher level voltage, precision clamping and noise reduction, and line and load side protection.

\$16.00

Leviton Panel Mount Surge Protective Device

Cat #52412-DS3

Designed to use where a multi-phased, transient voltage surge suppressor is specified. 5200 model provides 7-mode protection in 120/208v and 277/480v 3 phase system.

\$124.95

Industries Inc. - Heavy Duty Surge Protectors

Three Electrode Protector Module. Protects from lightning and power surge damage. Corrosion-resistant ground strap and 2 threaded binding posts for service wire and station wire connection. 265-600V, 20KA Discharge.

Cat #	Details	Lots/ 5
TII355	20A Operational	\$11.45
TII356	25A Operational	\$11.45

Reliance Panel/Link

Cat #TTV2003D

Generator ready main breaker Load Center. SE rated and can be fed from either the main breaker or the DP generator breaker, not both. One circuit breaker can be on "ON" at any time, preventing back-feeding.

\$395.00

Main Breaker, 1-Phase, 2W SN 120/240v AC,

Dimensions: 14-3/4"W x 33"H x 3-15/16"D
